※Lectures, Seminars, and Health and Sports Science: Practicums (Exercise and Sports) are only being conducted remotely during the spring semester class period as Nagoya University's response to COVID-19. As such, it is possible to implement Experiments/Practical Training on weekdays other than the timetable initially scheduled. (In such cases, check with the students whether or not other simultaneous interactive remote classes and other Experiments/Practical Training classes are being held, and make adjustments with each department.)

※The circled numbers to the right of the date on the calendar indicate eight classes have been secured for each quarter.

Note that based on the decision by each department or instructor, there may be cases where the number of classes indicated by circled numbers will not be held accordingly. (classes may be held during applicable class hours or during the 5th period, etc.)

In addition, the administration office response including office availability may vary by department when a make-up class day falls on Saturday, Sunday or a holiday.

※The dates enclosed in squares represent make-up class days.

※The dates enclosed in circles represent national holidays or substitute holidays.
